FLUTURA HYSENI

Final-Year Computer Science & Engineering Student | Full-Stack Development | Interested in Data & AI

Vushtrri, Kosovo | fluturahysenni@gmail.com | +383 45 461 070
linkedin.com/in/fluturahyseni | github.com/fh-umib

PROFILE

Final-year Computer Science & Engineering student with hands-on experience in full-stack development, REST APIs, PostgreSQL and MongoDB databases, data analysis, and business-intelligence dashboards. Experienced with React, Node.js/Express, JavaScript/TypeScript, SQL and C#, with a strong interest in data, AI and practical problem solving. Combines technical project work with student leadership, research presentation, a 3rd-place AI hackathon result, cybersecurity challenge experience, and several years of event-business operations and digital communication.

EDUCATION

2024 - 2027 (expected)

BSc in Computer Science & Engineering

University of Mitrovica "Isa Boletini", Mitrovica, Kosovo

- Final-year undergraduate student with coursework and project work across software engineering, database systems, web development, operating systems, computer architecture, business intelligence and microprocessors.
- Focused on full-stack development with growing interests in data, AI and software engineering.

Completed

Gymnasium "Eqrem Çabej"

Natural Sciences | Vushtrri, Kosovo | GPA: 5.0/5.0

SELECTED TECHNICAL PROJECTS

2026

Hi5 - AI Team Leader

3rd Place - AI Hackathon Kosovo 2026 | Team Hi5

- Contributed event-domain data and operational rules, expected test scenarios, real-business problem validation, and demo/pitch support.
- Team-built AI agent converted client requests into validated execution plans with deterministic rule checks and human approval.

2026

Md-creative-event-booking-system

Full-stack event booking and administration platform

- Built a React/Vite TypeScript frontend and Node.js/Express backend with PostgreSQL, JWT authentication and Nodemailer email support.
- Implemented booking, package and admin CRUD flows, plus relational data for decorations, mascots, activities, extras, gallery and staff.

2026

CampusCare

Full-stack student support platform

- Developing a student-focused platform for academic help, wellbeing tracking, skill sharing and campus organization.
- Implemented role-based flows for Student, Mentor and Admin users, with dashboards and practical support modules.

2025-2026

DormitoryAndCafeteriaSystem

C# application for university dormitory and cafeteria management

- Developed functionality for dormitory rooms, reservations, cafeteria services and related data operations using a layered application structure.
- Applied object-oriented design and structured data handling to a realistic university-services scenario.

2025-2026

DormitoryAndCafeteriaDatabase

PostgreSQL relational database project

- Designed a 12+ table relational schema with test data and analytical SQL queries using JOIN, GROUP BY and HAVING for dormitory, reservations, cafeteria, orders and payments.

EXPERIENCE

2020 - Present — **Event Operations Team Member**
Magic Events
- Coordinate event preparation and delivery, client communication, on-site logistics and service organization; since 2024, also support digital promotion and social-media content.

2024 - Present — **Social Media Manager**
Bounce Kosovo
- Plan social content, stories and reels; manage customer communication and promote bounce-house events, collaborations and seasonal campaigns.

2024 - Present — **Social Media Manager & Event Coordinator**
Maskota per Femije
- Manage social content, customer communication and bookings while supporting mascot-event timing, partners and on-site coordination.

LEADERSHIP & COMMUNITY

Oct 2024 - Present — **Student Representative**
Faculty of Mechanical Engineering and Computer Engineering, University "Isa Boletini" in Mitrovica
- Coordinate communication between students, faculty and university administration; prepare announcements, organize meetings and represent student interests.

Apr 2026 - Present — **Community Manager (LinkedIn & Facebook)**
Faculty of Mechanical Engineering and Computer Engineering, University "Isa Boletini" in Mitrovica
- Manage the department's LinkedIn and Facebook communities and publish academic news, research achievements, student success stories, opportunities and official announcements.

TECHNICAL SKILLS

Programming: JavaScript, TypeScript, C#, SQL, HTML, CSS
Web: React, Vite, Node.js, Express.js, Tailwind CSS, REST APIs, JWT authentication
Databases & Data: PostgreSQL, MongoDB, DBeaver, relational database design, SQL querying, data cleaning, Pivot Tables, QUERY, KPI dashboards, business intelligence
Tools & Practices: Git, GitHub, API testing, CRUD architecture, layered application design, collaborative development, Conventional Commits
AI / Data Concepts: Classification, clustering, overfitting, text mining, sentiment analysis, ANN, SVM and K-NN fundamentals

ACTIVITIES & CERTIFICATIONS

2-4 Oct 2026 — **3rd Place - Agentic AI for Business | Kosovo Hackathon 2026**
Genpact x Agilyti | Team Hi5
- Awarded 3rd place with Team Hi5 in the Agentic AI for Business track for the Hi5 AI Team Leader solution.

21 Feb 2026 — **International Cybersecurity Defense Challenge 2026 - Blue Team**
RIT Kosovo (A.U.K), Prishtina | Iowa State University
- Represented the University of Mitrovica on a Blue Team defending live systems through server protection, log analysis and incident response.

21-23 May 2026 — **JunctionX Regional Hackathon - DigiCamp & Digital Skills Festival 2026**
Innovation and Training Park (ITP) Prizren
- Worked in a multidisciplinary hackathon team to develop and test practical ideas under time pressure.

28 May 2026 — **Oral Presentation - 1st International Multidisciplinary Students' Conference 2026**
University "Isa Boletini" in Mitrovica
- Presented the paper "Implications Of Artificial Intelligence Adoption In Educational Institutions Of Kosovo" with Prof. Ass. Dr. Berat Ujkani.

Selected Certifications: BlockJump Business Track - Apr 2026 | BlockJump Tech Track - Apr 2026 | Back-End Development, TechLab - Dec 2025 | Front-End Development, TechLab - Apr 2025
